

Infrastructure Development: Best and Promising Practices

Olga Acosta Price, Ph.D.

Department of Prevention & Community Health &
Center for Health & Health Care in Schools, GWU
School of Public Health and Health Services,

May 13, 2009

The Center for
Health and Health Care in Schools

Foundation is Built

- **Collaboration is Legislated**
- **Climate of Accountability**
- **Level of Urgency**
- **History of Success**

Keeping an eye on the prize...

Use of EBPs

- Use of programs with evidence of positive impact is great, but still need to consider:
 - Context
 - Competence
 - Compliance
 - Evolution of “evidence”

Expanding Competence- TRAINING

- **Personality Characteristics**
- **Strengths-Based Strategies**
- **Dual-Diagnosis Capable**
- **Understanding of Education Laws and Regulations**

Evaluation

- **Robust Information System**
- **Consider primary aim of intervention**
- **School Climate**
- **Think Multi-year and Multi-component**
- **Don't wait**

Staying the Course..... but where's the road?

- **Overarching Framework**
- **Capacity Building**
- **Integration/Collaboration**
- **Partnership Development**
- **Communications**
- **Models of Sustainability- Varied Funding Streams**
